Tired of Suffering from Allergies? There is hope and I can Help!

Accelerated Allergy Clearing Technique is available at The Spring, Center for Natural Medicine

With Accelerated Allergy Clearing Technique (AACT), we now have a truly revolutionary system for dealing with allergies... one of the most stubborn health problems facing mankind today. It is a natural, drugless, painless, non-invasive method that can be used safely for anyone from infants to seniors to eliminate allergies and symptoms arising from previous exposure to allergens and their allergic manifestations.

The AACT is proven very effective in eliminating symptoms associated with allergies, food sensitivities and other conditions related to the body's inability to process what should be harmless substances. This technique allows us to identify allergens and to reprogram the nervous system to react appropriately to them!

Benefits of AACT:

- Multiple allergies can be safely and effectively cleared at the same time
- Multiple sessions can be safely and effectively given the same day (3 hours apart)
- No "avoidance" is required on most allergens
- No "rest period" is needed after each session
- Easy maintenance procedure to continue the gains
- No "after-session" recations

What some of our patients are saying about AACT!

All I wanted was to feel better. I was always very very tired, my nose was always runny and I was coughing or clearing my throat all the time. I would also get sinus and bronchitis infections throughout the year. I only started the AACT just over two weeks ago and during that time my energy is restored, my coughing and clearing my throat is also gone! I can't believe the changes in such a short time! J.T

Allergies and Asthma

Are you tired of suffering from allergies? There is hope and I can help. In this talk we will discuss reasons and solutions for allergies and explain accelerated allergy clearing techniques

These talks may help you understand the reasons and find solutions for these concerns. Bring your questions.

For years and years I suffered from constant congestion and throat irritation. My eyes also seemed to water all of the time. I had tried everything to try and figure out a way to make things better and nothing worked even the medications which I didn't want to get hooked on. After going through the AACT I am amazed at the change in such a short time. My body feels so much stronger, my eyes have completely stopped watering and I finally don't feel like I have a lump in my throat! This has truly changed my life! M.H.

So don't suffer anymore!!!
Call to see if AACT can change your life!

Sincerely,
Elke Kniss
